# To the Trade.

In seeds, even more than in most things, very low prices generally go with poor quality. To raise good seeds requires experience, skill and care, which have to be paid for. On the other hand, it is equally true that high prices do not of themselves insure good quality. A wise man will not let low prices weigh against quality, nor will he blindly buy the most costly in hope of getting the best, for he would often be paying only for expensive advertising and costly illustrations of impossible novelties.

A Seedsman's claim for patronage should rest on his facilities for producing the best seeds and his ability to sell them at moderate prices. We are by far the largest seed producers in America and employ the most able specialists in seed growing. On our Oakview Seed Farm we grow the finest stock seeds that can be produced, and these are planted for us in those climates and soils which long experience has demonstrated will produce the best possible seed products. We test the vitality of all the seeds we sell, and every summer on our trial grounds test several thousand samples of seeds to see they are true to name. These constant efforts to insure the best quality enable us to send out nothing whose growth is not satisfactory or of whose purity and trueness we are not as certain as it is possible to be.

We own the largest and most complete seed warehouses in this country, have the best seed cleaning machinery, unexcelled facilities for executing all orders promptly, and in all respects we are in position to offer the BEST SEEDS at MODERATE PRICES. The fact that we have met the demands of the trade is proven by the constantly increasing number of the most critical seed buyers who look to us annually for their supplies.

---

☞ Not bound by these prices for any definite time or quantity and subject to advance without notice.

Our prices are for delivery f. o. b. cars, Detroit, Mich., and do not include the cost of containers. When seamless cotton grain bags, boxes or barrels are necessary for safe transportation, such packages will be charged at value and are not returnable.

Proportionately higher prices will be charged for quantities less than ¼ lb. or ¼ bu. Where two qualities of any variety are quoted, the best will always be sent, unless specially otherwise ordered.

**TERMS—Net Cash June 1, 1896, without regard to date of purchase, or a discount of one per cent. per month on the unexpired time when paid before maturity.**

**Field Peas, Clover, Hungarian, Millet, Timothy and all Grass Seeds, net cash, without any discount whatever.**

**CASH or satisfactory references should accompany orders from unknown correspondents.**

*In producing and handling our seeds we take every possible precaution to have all of them of the highest quality, but we give no warranty, express or implied, as to description, purity, productiveness, or any other matter connected with any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the seeds on these terms they must be returned at once, and any money paid us for them will be refunded.*

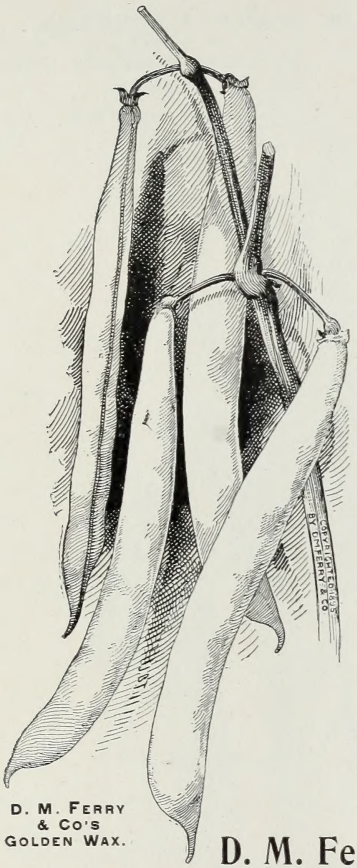
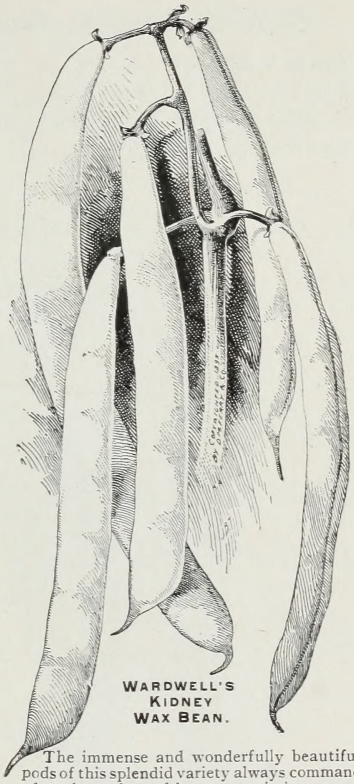
**CHALLENGE DWARF BLACK WAX EXTRA EARLY.**

This grand bean was introduced by us in 1891 and the enormous demand for it shows it meets the popular requirements and has all the sterling qualities we claim for it. In many comparisons of this bean with other extra early sorts we have always found it to be the first to ripen a full crop of pods, and unexcelled in quality. The best extra early wax bean for the market garden.



D. M. FERRY & CO'S GOLDEN WAX.



WARDWELL'S KIDNEY WAX BEAN.

The immense and wonderfully beautiful pods of this splendid variety always command ready sale, and on this account it is a great favorite with market gardeners.

# D. M. Ferry & Co's Golden Wax.

This bean, introduced by us in 1876, still continues **The Standard Wax Variety for general use.** Our original stock in size, color and quality of the pods is superior to all others.

# CABBAGE.

For many years Cabbage Seed has been a leading specialty with us. Our Cabbage Seeds are all grown from approved stock seeds which are largely of our own development on our Oakview Seed Farms; they are all grown under our personal inspection and supervision. There are none more reliable, none that can be more implicitly depended upon to give planters uniformly satisfactory results.

# CORN.

CAUTION.—Sweet Corn in bulk, even after being thoroughly cured, will often gather moisture and spoil, particularly if it has been exposed to a low temperature. To prevent this it should be taken out of the bags as soon as received and spread in a dry place. D. M. F. & Co.

## WHITE COB CORY.

This is the best extra early sweet corn. We have taken a great deal of care in growing it, and our customers will find our stock will give them a large yield of big, handsome, eight rowed ears long before any other strain.

## NEW ENGLAND SWEET.

We introduced this fine white wrinkled corn in 1895. It is exceedingly sweet and tender and has just enough of the flavor of the New England flint corn to make it popular with some. The plant is very hardy and productive.

## BISMARCK CUCUMBER.

Those wanting a cucumber longer than the White Spine but with its other characteristics will find in this variety all they desire. Fruit long, cylindrical, very constant in form and color. Flesh crisp, tender and excellent either for pickles or slicing.

# Extra Early Blanche Ferry

# Sweet Pea

*INTRODUCED BY US IN 1895.*

## THE EARLIEST SWEET PEA.

## In Full Bloom Two Weeks Before any Other Sort!

Of Dwarf Habit, and
Flowers Profusely the Whole Season.

WE have devoted five years of constant care to the development of this variety. We have aimed at increasing its earliness and profusion of bloom and at the same time at diminishing its height, and now proudly send out a sort which is as distinct an improvement in these respects over **Blanche Ferry,** introduced by us in 1889, as that variety was over Painted Lady.

It will not fail to reward the efforts of even inexperienced gardeners with an abundance of flowers, both earlier and for a longer period than can be obtained from any other variety.

**The Flowers all have the Bright Contrast of Color which has made the Blanche Ferry so Popular,**

the wings being nearly white while the standard is deep rose pink, becoming more intense near the base.

**The Plants are Exceedingly Hardy, Vigorous and Floriferous, and at the same time, Very Dwarf,**

making it a particularly desirable sort for greenhouse culture. Inside it occupies less space and gives flowers sooner and in greater abundance than any other sort, while it does equally well out of doors, needing less trellising than other kinds; **in fact, it can even be grown outside without any support whatever.**

**IT HAS ABSOLUTELY NO RIVAL FOR FORCING.**

**Per Ounce, 30 Cents**
**Per Dozen Ounce Packages, $3.00.**

EXTRA EARLY BLANCHE FERRY.

Sent out this season only in packets and ounce packages put up by ourselves.

# KATHERINE TRACY SWEET PEA

INTRODUCED BY US IN 1895.

## Exquisitely Beautiful in Color.

**PERFECT IN FORM.**
**UNSURPASSED IN SIZE.**

**THE FINEST**
**Pink Sweet Pea**

Extensive trial in garden and field has demonstrated this to be the best pink sweet pea for the florist's window, the amateur's garden or the exhibition table.

Its form is perfect. The large standard is perfectly round, very thick, expanded and nearly flat, but with sufficient curve to avoid stiffness. The wings are large and broad, and do not roll but curve inward with exquisite grace, thus forming

**A Very Large, Bold, but Graceful Flower of such Splendid Substance as to retain its Perfection of Form Much Longer than most Sorts.**

The color is soft but brilliant pink of precisely the same shade in wings and standard, retaining its brilliancy to the last, burning and fading less than any other pink variety. The stems are strong, exceptionally long and bear two or three blossoms each so gracefully poised that they form when cut, exquisite bouquets, sure of admiration wherever seen.

This variety comes of the same blood as the **Blanche Ferry**, **Emily Henderson**, and **Extra Early Blanche Ferry**, and has the same practical usefulness as these kinds.

In hardiness, prolific flowering habit, durability and practical usefulness, this is greatly superior to many large flowering sorts of recent introduction, which have hooded and rolled but much thinner petals.

We do not know of another variety combining great practical usefulness with such high quality as an exhibition flower.

**Per Ounce, 30 Cents.**
**Per Dozen Ounce Packages, $3.00.**

Sent out this season only in packets and ounce packages put up by ourselves.

KATHERINE TRACY.

# Sweet Peas.

## WE ARE HEADQUARTERS FOR SWEET PEAS,

handling annually as many, if not more, than any other one house in the trade. Every year since we introduced the Blanche Ferry, which gave the first great impetus to the cultivation and development of Sweet Peas in this country, we have carefully cultivated on our own farms our Sweet Pea seed stocks. The improvements in purity we have thus made have been very marked, and to-day no purer or better Sweet Peas than ours can be had from any quarter. Large quantities of low grade Sweet Peas carelessly grown by inexperienced cultivators, or saved from self-sown crops, are now on the market. In these, the poorer and darker sorts are certain to predominate. We are unwilling to offer such goods to our customers, even at the low prices at which they can be profitably sold. Those who entrust their orders to us can rest assured they will receive the

PUREST and BEST SWEET PEAS on the market and at VERY REASONABLE prices.

### ECKFORD'S HYBRIDS MIXED.

This mixture is made up only of the best of the Eckford large flowering varieties which we have produced separately. Per lb., 30 cents. Per 100 lbs., $25.00.

Telegraph Cipher, **Brice.**

### CHOICEST MIXED.

This mixture is made by ourselves and consists only of the choicest sorts, new and old, in just the right proportion of white, bright red, pink, mauve and other colors to make the most brilliant show possible in the garden. It is unsurpassed by any mixture offered, and could not be better if we listed it at three times the price. We will not handle the cheap, worthless mixtures, nor make up foolish, fake mixtures at exorbitant prices. Per lb., 25 cents. Per 100 lbs., $20.00.

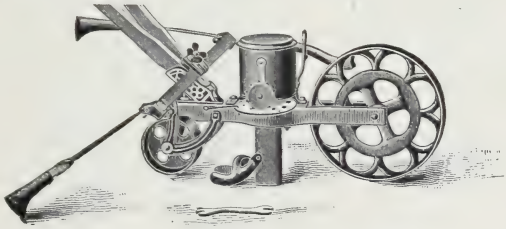
**THE MOST PERFECT DRILL MADE.**

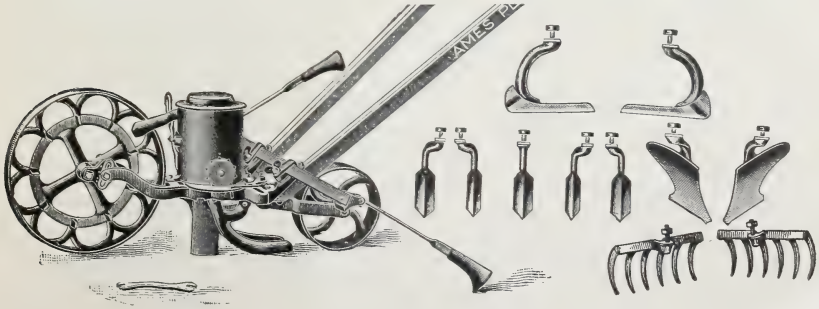
## MATTHEWS GARDEN GEM DRILL.

This has been perfected to meet the demand for a low-priced drill. We here offer a drill with all the essentials of the Matthews principle, from exactly same patterns as those used on the larger and more expensive drills.



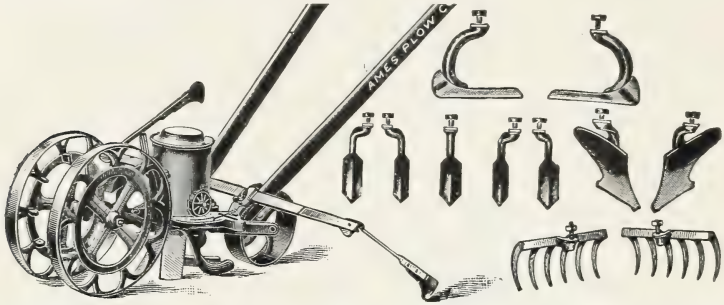
## Matthews New Universal Single Wheel, Combined Drill.

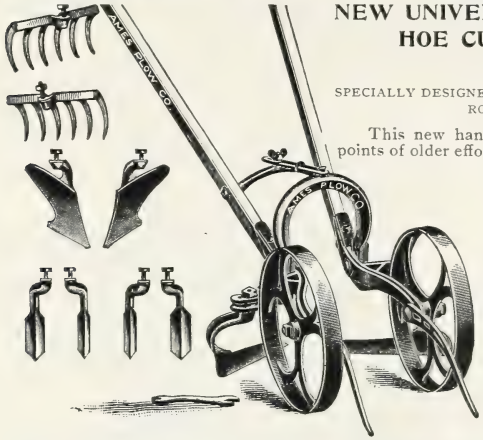
This desirable combination of the *Garden Drill* with the new Universal Cultivating attachments, is one which cannot fail of recommending itself to all. The attachments are 1 pair Hoes, 5 Cultivator Teeth, 1 pair Rakes, and 1 pair Plows.



# Matthews New Universal Double Wheel Combined Drill.

This is the same as the **Matthews New Universal Single Wheel Combined Drill** described on preceding page, and has the same cultivating attachments. It can be used either as a Double Wheel or Single Wheel machine.





## NEW UNIVERSAL DOUBLE WHEEL HOE CULTIVATOR, RAKE AND PLOW.

SPECIALLY DESIGNED FOR WORKING BOTH SIDES OF THE ROW AT ONE PASSING.

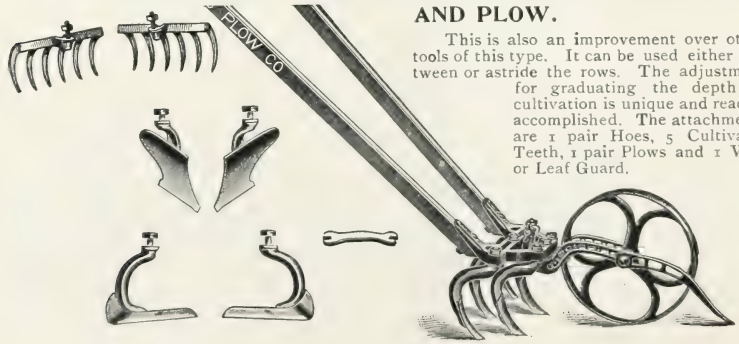
This new hand implement embraces all the good points of older efforts in the same line, and in addition offers new features which cannot fail of appreciation. The special recommendation is the *Adjustable Arch* by which not only the *depth* of work can be gauged, but which, by an ingenious device, enables the teeth to be pitched at any angle desired.

## New Universal Plain Double Wheel Hoe

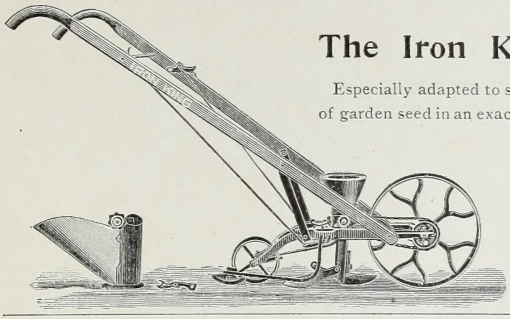
WITH ONE PAIR OF HOES ONLY.

The same machine as the foregoing, Rakes, Plows, Cultivator Teeth and Leaf Guards omitted.

## NEW UNIVERSAL SINGLE WHEEL HOE, CULTIVATOR, RAKE AND PLOW.



This is also an improvement over other tools of this type. It can be used either between or astride the rows. The adjustment for graduating the depth of cultivation is unique and readily accomplished. The attachments are 1 pair Hoes, 5 Cultivator Teeth, 1 pair Plows and 1 Vine or Leaf Guard.

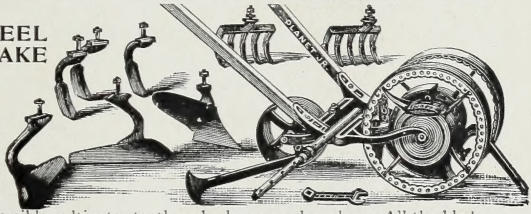


## The Iron King Seed Drill.

Especially adapted to sowing onion seed. Sows all kinds of garden seed in an exact line and at a uniform depth. Its special features are its shoe furrower, practical force feed, accuracy, noiselessness and ease of working. We have used it in our own extensive onion fields, and found it a successful and satisfactory drill.

THE "PLANET JR."

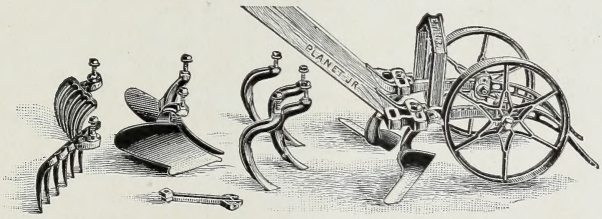
## COMBINED DRILL, WHEEL HOE, CULTIVATOR, RAKE AND PLOW.



This tool is unrivaled in convenience and capacity for work; it is suitable for the farm or the garden. As a Seed Drill it is the same as the No. 2, except in size. It holds one quart. For after care of the crop it is supplied with a pair of rakes, a pair of long hoes, three reversible cultivator teeth and a large garden plow. All the blades are tempered and polished steel. The different tools in this combination comprise all that are necessary for the greatest variety of work usually needed in the hand cultivation of farm or garden crops, and are particularly useful for all sown by a seed drill.

THE "PLANET JR."

## DOUBLE WHEEL HOE, CULTIVATOR, RAKE AND PLOW.



The "Planet Jr." Double Wheel Hoe, Cultivator, Rake and Plow for 1896 is compact and rigid. Its equipment consists of a pair of rakes, a pair of hoes, four cultivator teeth, a pair of plows, and a pair of detachable leaf guards. All the blades are steel, hardened in oil, tempered and polished; wheels adjustable in height; arch 14 inches high.

# NOTICE.

By making use of the following Telegraphic words for weights and measures, together with the Telegraphic Cipher attached to each article in this list, our customers will be able to order by wire at trifling expense. The Telegraphic words for QUANTITIES must always PRECEDE the cipher words for Seeds, but if the same quantity of several articles is needed, the word for that quantity should be placed before the word for the first article only. For example:

**"Freight Righter Kearney, Kossuth, Lehigh."** Means "Send by first freight Five Bushels each of Ferry's First and Best Selected, McLean's Little Gem and Champion of England Peas."

**"Express Recanter Broome, Burke, Carlton."** Means "Ship by first express Two Pounds each of Early Jersey Wakefield (true American), Early Winnigstadt and D. M. Ferry & Co.'s Premium Late Flat Dutch Cabbage."
